## **Log files**

Each time you use the internet, your browser is transmitting certain information which we store in so-called log files.

We save log files for a short period of time to determine service disruptions and for security reasons (e.g., to investigate attack attempts) and delete them afterwards. Log files which need to be maintained for evidence purposes are excluded from deletion until the respective incident is resolved and may, on a case-by-case basis, be passed on to investigating authorities.

Log files are also used for analysis purposes (without the IP address or without the complete IP address). Also see [module web analysis](#).

In log files, in particular the following information is saved:

- IP address (internet protocol address) of the terminal device which is being used to access the Online Offer;
- Internet address of the website from which the Online Offer is accessed (so-called URL of origin or referrer URL);
- Name of the files or information accessed;
- Date and time as well as duration of recalling the data;
- Amount of data transferred;
- Operating system and information on the internet browser used, including add-ons installed (e.g., Flash Player);

## **Children**

This Online Offer is not meant for children under 16 years of age.

## **Data transfer**

### **Data transfer to other controllers**

Principally, your personal data is forwarded to other controllers only if required for the fulfillment of a contractual obligation, or if we ourselves, or a third party, have a legitimate interest in the data transfer, or if you have given your consent. Particulars on the legal bases can be found in the [Section - Purposes of Processing and Legal Bases](#). Third parties may also be other companies of the Bosch group. When data is transferred to third parties based on a justified interest, this is explained in this data protection notice.

Additionally, data may be transferred to other controllers when we are obliged to do so due to statutory regulations or enforceable administrative or judicial orders.

### **Service providers (general)**

We involve external service providers with tasks such as sales and marketing services, contract management, payment handling, programming, data hosting and hotline services. We have chosen those service providers carefully and monitor them on a regular basis, especially regarding their diligent handling of and protection of the data that they store. All service providers are obliged to maintain confidentiality and to comply to the statutory provisions. Service providers may also be other Bosch group companies.

### **Transfer to recipients outside the EEA**

We might transfer personal data to recipients located outside the EEA into so-called third countries.

In such cases, prior to the transfer we ensure that either the data recipient provides an appropriate level of data protection (e.g. due to a decision of adequacy by the European Commission for the respective country or due to the agreement based on so-called EU model clauses with the recipient) or that you have consented to the transfer.

You are entitled to receive an overview of third country recipients and a copy of the specifically agreed-to provisions securing an appropriate level of data protection. For this purpose, please use the statements made in the [Contact section](#).

### **Duration of storage; retention periods**

Principally, we store your data for as long as it is necessary to render our Online Offers and connected services or for as long as we have a justified interest in storing the data (e.g. we might still have a justified interest in postal mail marketing after fulfillment of our contractual obligations). In all other cases we delete your personal data with the exception of data we are obliged to store for the fulfillment of legal obligations (e.g. due to retention periods under the tax and commercial codes we are obliged to have documents such as contracts and invoices available for a certain period of time).

## **Cookie usage**

### **General**

Cookies are small text files that are saved on your computer when an Online Offer is accessed. In case you access this Online Offer another time, your browser sends the cookies' content back to the respective seller and, thus, allows the re-identification of the terminal device. Reading the cookies allows us to design our Online Offers optimally for you and makes it easier for you to use them.

### **Deactivation and deletion of cookies**

When visiting our internet pages you will be asked in a cookie layer pop up whether you wish to allow the cookies which are set on our page or if you wish to deactivate them in the settings.

In case you decide to block cookies, an opt out cookie is set in your browser. This cookie exclusively serves the purpose of assigning your objection. Deactivating cookies may disable individual functions of our internet pages. Please note that an opt out cookie may, for technical reasons, only be set with the actual browser. In case you delete cookies or use a different browser or a different terminal device, you must opt out again.

The preference setting does not apply to cookies that are set during your visit on third party internet pages by other providers.

Your browser allows you to delete any cookies at all times. To do so, please consult your browser's help functions. This might, however, lead to individual functions no longer being available.

In addition, you could manage and deactivate the use of third party cookies on the following web page:

<http://www.youronlinechoices.com/uk/your-ad-choices>

As we do not operate this website, we are not responsible and we are unable to influence the content and availability.

### **Overview of cookies used by us**

In this section, please find an overview of the cookies we use.

#### **Absolutely necessary cookies**

Certain cookies are necessary to provide our Online Offers in a secure manner. This category includes, e.g.:

- Cookies that temporarily save certain input of the user (e.g. content of a shopping cart or of an online form);
- Cookies that store certain user preferences (e.g. search or language settings);
- Cookies that store data to ensure a troublefree playback of video or audio content.

## **Analytical cookies**

We use analytical cookies to record the usage behavior (e.g. ad banners clicked on, search queries put in) of our users and to evaluate it statistically.

## **Web analysis**

We need statistical information about the usage of our Online Offers to design them to be more user-friendly, to perform range measurements and market research.

For this purpose, we use the web analysis tools described in this section.

The usage profiles created by these tools using analysis cookies or by evaluating log files are not brought together with personal data. The tools either do not use user IP addresses at all or shorten them immediately after gathering them.

The tool sellers process data only as processors subject to our directives and not for their own purposes.

In the following please find information on each tool seller and how you are able to object to the collection and processing of data by the tool.

Be advised that with regard to tools which use opt out cookies, the opt out function is related to that individual device or browser. In case you use several terminal devices or browsers you must opt out on every device and with every browser used.

Beyond this, you can avoid the forming of usage profiles by generally deactivating cookie usage. Please refer to the section Deactivate and delete cookies.
